I'M BAREFOOT4 MICHAEL

Name: Michael

Location: Ecuador

Five-year old Michael lives in the mountains of Ecuador. Michael was sick the day we distributed shoes in his community but his older sister knew how badly he needed shoes. She ran home, got him out of bed and brought him to be fitted for shoes to replace the ones you see here in this photo-Michael's only pair. Michael lives in a very rural area and walks over rough terrain to get from place to place, so we were so happy to provide Michael with shoes that keep him healthy, happy and thriving!
