I'M BAREFOOT4 VICTORINA

Name: Victorina

Location: Tanzania

Victorina lives in a small fishing village on the coast of Tanganyika, Tanzania-the world's second largest freshwater lake. Victorina wants to be a teacher when she grows up and befriended a professor who was with us on this particular trip. Victorina was incredibly inspired by her. Education, particularly for girls like Victorina, is essential to overcoming poverty. In many areas around the world, children are not allowed to attend school without shoes. New shoes will help Victorina achieve her dreams!
